SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112-Part II.)

I. **PREAMBLE:** In Feb 49 SOURCE was sentenced by a MVD court at BOBRUYSK, (5306N/2917E) to 25 yrs at hard labor. After the trial he was transferred to a prison near MOSKVA (5545N/3735E) which was called PERECILKA meaning transit prison and stayed there from Feb 49 - Apr 49 in 1 cell together with 19 other German fellow officers. During 3 - 5 days of Mar 49 another prisoner was put in SOURCE's cell. This prisoner spoke broken German with an American accent, yet spoke Russian fluently; he claimed that he was an American citizen, had been a Capt. in the American Army or Air Force, had served his country as agent, and was arrested recently by the MVD in the USSR. SOURCE rendered the following info of the alleged American National:

II. **ALLEGED AMERICAN NATIONAL IN SOVIET PRISON NEAR MOSKVA:**

The alleged American National was 30 - 35 years old, 1.8 m tall, slim, had sportsman-like figure, normally full black hair yet shaved in prison, slender face of yellowish color, straight nose, middle sized ears, normal ear-lobes, wore padded Russian clothing. He was reticent, but energetic. SOURCE occasionally talked with him and had the impression of a well educated man who had not been long in the USSR at that time. He awaited trial for espionage, refer to Par. I. He was self-confident and expressed to his cell inmates on several occasions the conviction that the German officers' and his imprisonment would not last very long as the American Government in the USA would intervene on their behalf. SOURCE was too much concerned with own fate to take further interest in the alleged American's affair. SOURCE was unable to draw a sketch on the alleged American national's likeness.
